

THE POWER FULL AIR

A graphic element at the bottom of the text. It consists of a long, thin white arrow pointing to the right, with a small, stylized cloud of air or smoke at its tip.

POWER TO MOVE MOUNTAINS

You could be forgiven for thinking the Brüder air compressor is 'just' an air compressor. Like every Brüder product, it's built for unmatched durability, with all the power you can demand from portable, on-demand air. But that's nothing compared to the power that rests in your hands the moment you buy Brüder. It's knowing that there's an entire network dedicated to keeping your Brüder functioning long after you've bought it. Having an endless inventory of common parts, consumables, and spares nationwide. And, the expertise of 25 years in building mobile air compressors that just work (and keep working) in the toughest conditions.

ROTARY SCREW COMPRESSORS

Brüder Australia has a powerful range of Rotary Screw compressors to suit any job from blowing down your header to cleaning out your farm shed. Our range covers machines from 47cfm to 388cfm, giving you the power to get any job done with ease.

BLOW THEM ALL AWAY

BUILT FOR YOU

Designed for the tough conditions of Australian Agriculture. Built to keep going in the harshest climates.

FOCUS ON QUALITY

Manufactured in Europe, all of our machines are of the highest quality. Our different trailer options are proudly Aussie made.

NATIONAL SERVICE

With our machines we offer access to our nationwide service network, to keep your operations moving.

WARRANTY

With a 3 year warranty on all our trailer mounted compressors, you can be confident that your Brüder is built to last.

47 CFM ROTARY SCREW COMPRESSOR

Model	Engine	Horsepower	FAD (cfm)*	Pressures**
GP47	Briggs & Stratton	12.5	38	6/10/14 Bar

The smallest Rotary Screw Compressor in our range, our 47cfm machine is the most efficient option for small jobs around the farm. With it's compact and lightweight design, this compressor is highly portable and can easily be stored on the back of the ute or in the workshop.

176 CFM ROTARY SCREW COMPRESSOR

Model	Engine	Horsepower	FAD (cfm)*	Pressures**
AG176	Kubota	33.6	176	7/10/12 Bar

The AG176 is Brüder's most popular agricultural option. The perfect balance of power and compactness, the AG176 will run all day long in the dust and heat, without breaking a sweat! Featuring a top exit exhaust and with 2 different trailer options, this is the ideal farm compressor for header blow down.

250 CFM ROTARY SCREW COMPRESSOR

Model	Engine	Horsepower	FAD (cfm)*	Pressures**
AG250	Kubota	54.5	247	7/10/12 Bar

Skid or trailer mounted, the AG250 is the ideal compressor for contractors, larger farms, or if you just want that little bit of extra power! This machine offers unmatched versatility around the farm with the ability to run 2 guns at a time, and the capability to handle a small sand blasting operation with ease.

388 CFM ROTARY SCREW COMPRESSOR

Model	Engine	Horsepower	FAD (cfm)*	Pressures**
AG388	Perkins	82	388	7/10/12 Bar

Big jobs need big power! The beast mode of the Brüder range, the AG388 is our biggest agricultural compressor. Built with contractors and large operators in mind, the AG388 will easily run 4 large blow guns at a time to keep down time to a minimum!

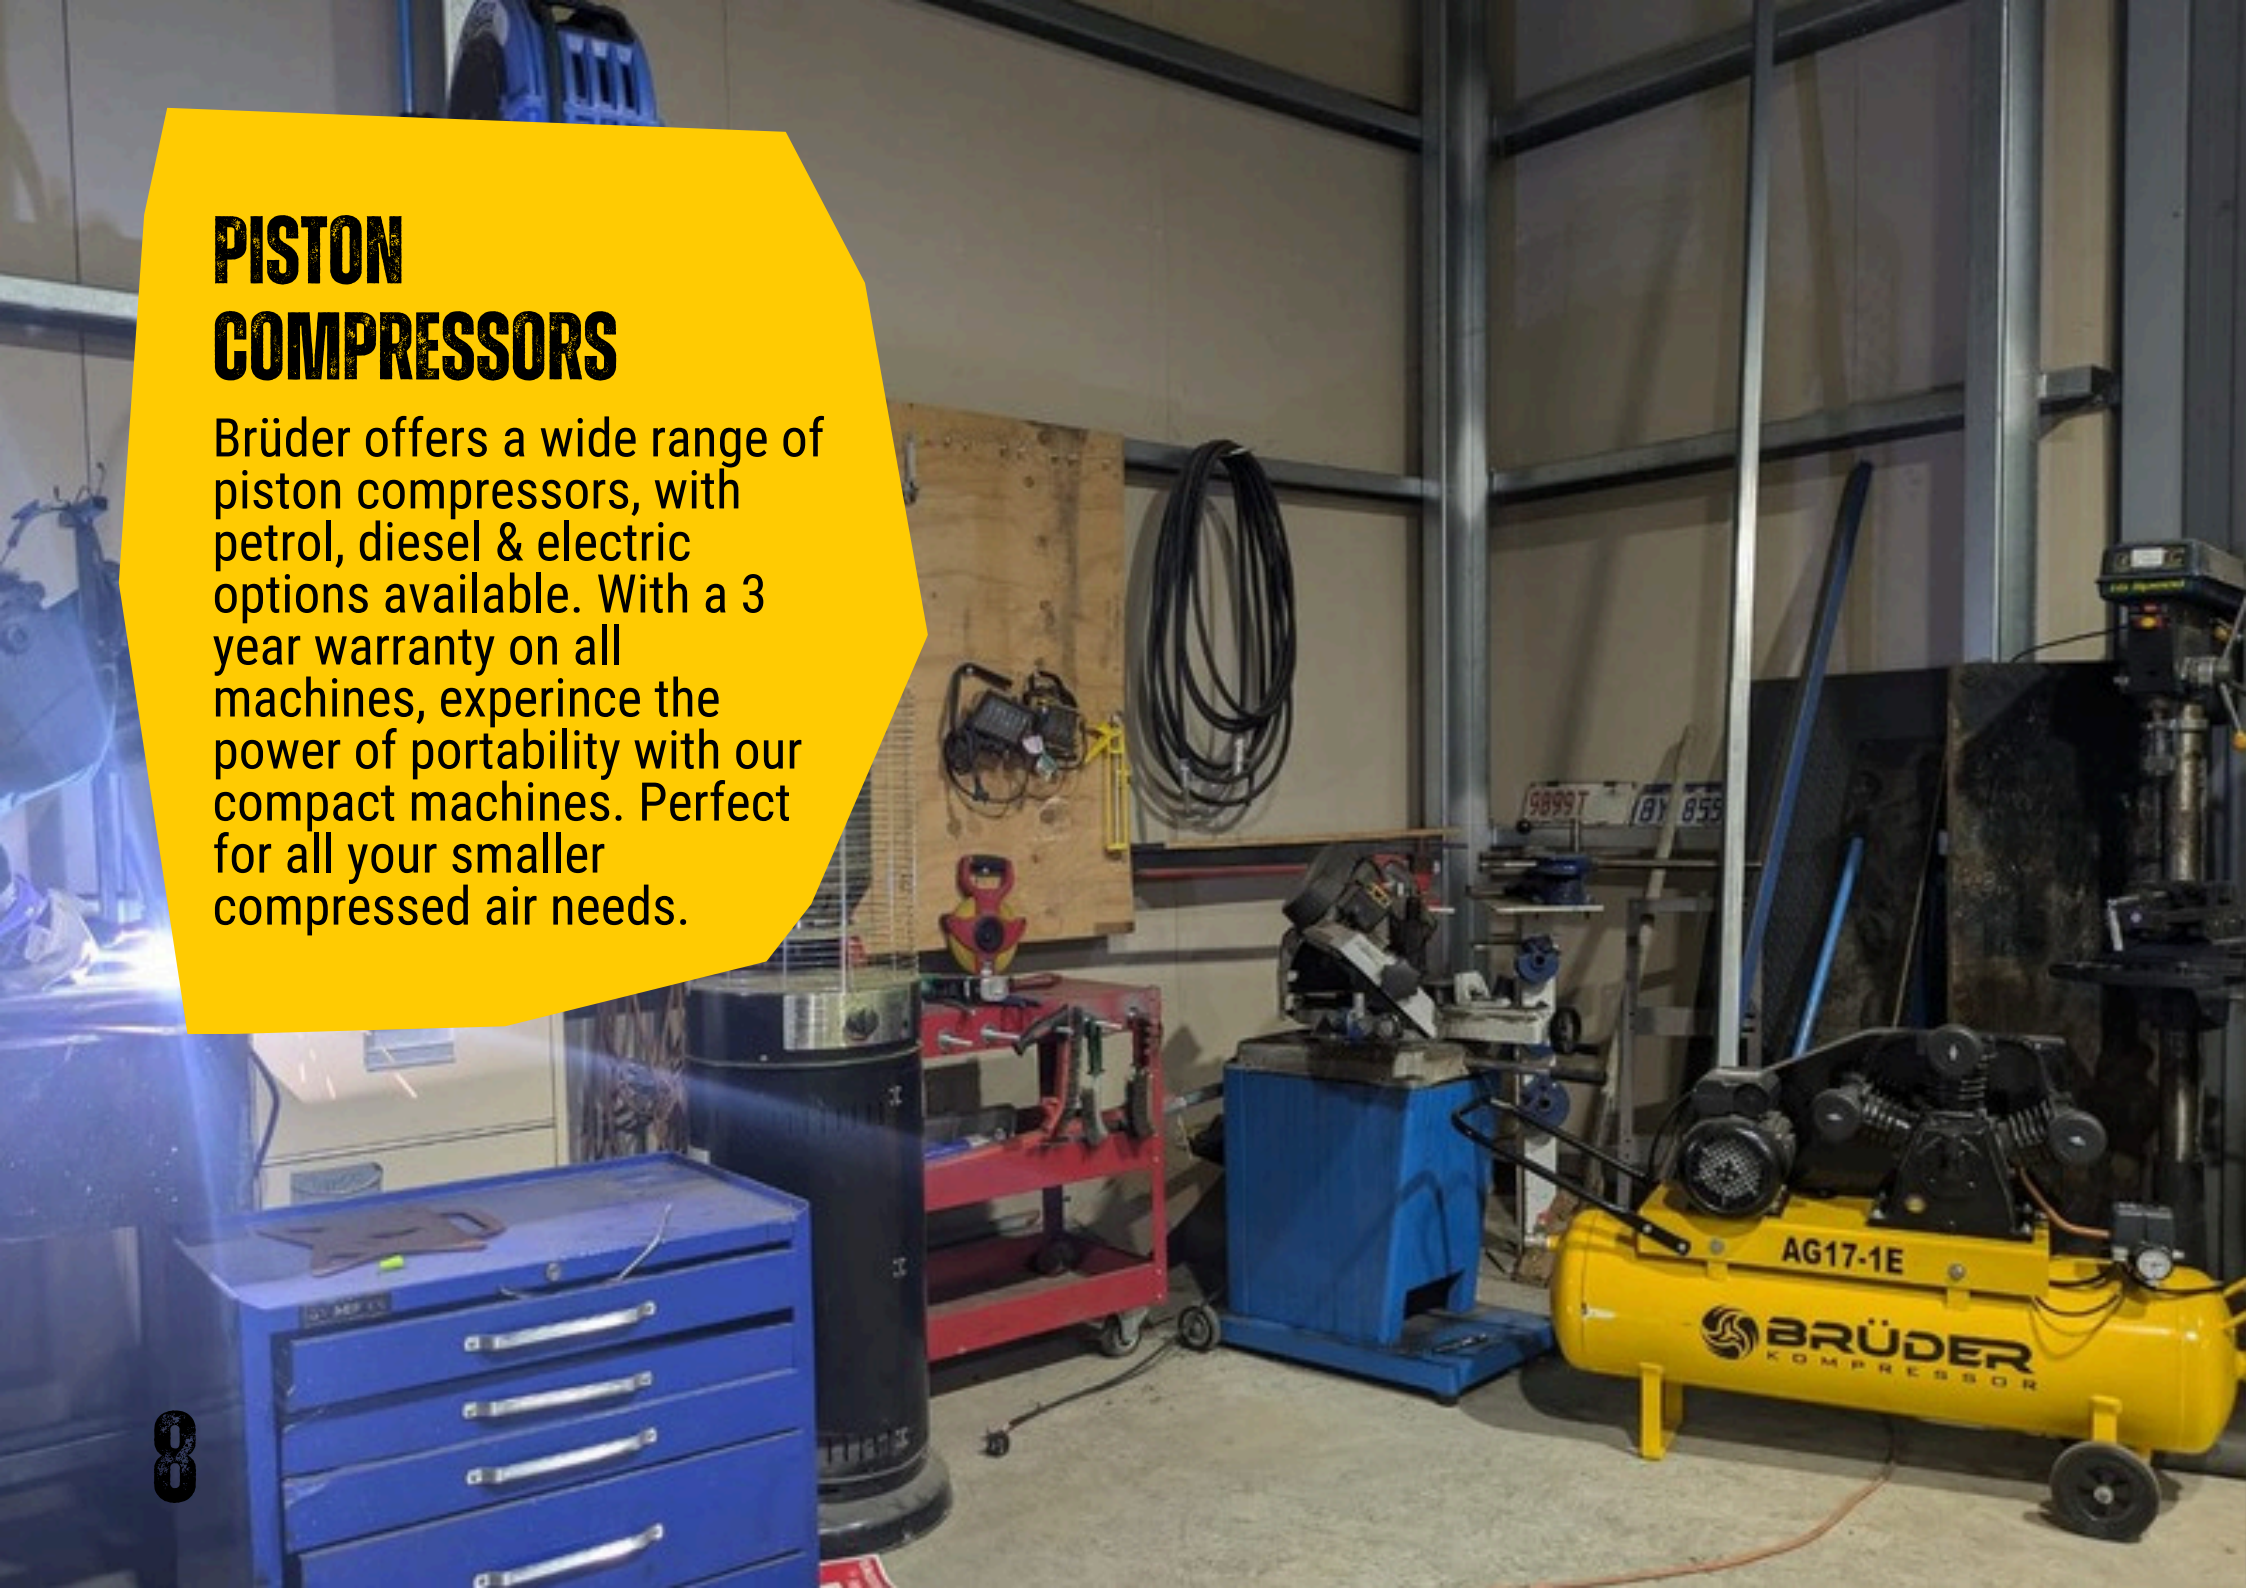

*At nominal pressure.

**Bold is nominal pressure.

PISTON COMPRESSORS

Brüder offers a wide range of piston compressors, with petrol, diesel & electric options available. With a 3 year warranty on all machines, experience the power of portability with our compact machines. Perfect for all your smaller compressed air needs.

The power of

portability

AUSTRALIAN MADE*

Our piston compressors are built to be durable, right here in Australia.

*Excludes the mini range

WARRANTY

3 Years warranty is offered on the complete range of piston compressors.

CUSTOMISABLE

Get the perfect piston compressor for you, with customisable tank sizes & mounting configurations.

RELIABLE

Powered by reputable motors with excellent Australian-based support networks.

PETROL PISTON COMPRESSORS

Model	Engine	Horsepower	Tank Volume	FAD (L/min)
AG18-P	Honda	6.5	70 Litres	365
AG30-P	Honda	9	100 Litres	609
AG40-P	Honda	13	180 Litres (2 x 90)	812

Powered by genuine Australian approved Honda engines the petrol range of piston compressors are tough and versatile. Featuring pneumatic control valves & 145 psi working pressure, these compressors are a great addition for the back of the ute.

DIESEL PISTON COMPRESSORS

Model	Engine	Horsepower	Tank Volume	FAD (L/min)
AG18-D	Yanmar	4.8	70 Litres	365
AG30-D	Yanmar	7	100 Litres	609
AG40-D	Yanmar	10	180 Litres (2 x 90)	812

Brüder's range of Yanmar diesel piston compressors are mounted on an Australian approved air receivers and feature remote start capabilities.

ELECTRIC PISTON COMPRESSORS

Model	Motor	Horsepower	Tank Volume	FAD (L/min)
AG17-1E	Single Phase	3	100 Litres	337
AG25-3E	Three Phase	5.5	100 Litres	495
AG35-3E	Three Phase	7.5	150 Litres	710
AG45-3E	Three Phase	10	240 Litres	913
AG52-3E	Three Phase	10	240 Litres	1055

Lightweight, compact and efficient, our range of electric drive compressors are a great economical option for the workshop & machinery sheds.

MINI PISTON COMPRESSORS

Model	Motor	Horsepower	Tank Volume	FAD (L/min)
M34-E	Single Phase	0.5	10	71
M70-E	Single Phase	2	25	142
M105-E	Single Phase	3	45	213
M04-12	12V	1	10	81
M04-24	24V	1	10	81

Our range of electric mini compressors is tailor-made for situations where space is at a premium. Designed for compact workshops, home garages and vehicles (including 4WDs), the Brüder mini range offers the benefits of high performance, functionality, versatility and ease of maintenance.

BLOW GUNS & ACCESSORIES

Brüder has a wide range of air tools and accessories available. From standard blowguns and hose reels, to sand blasters and custom designed accessories. Brüder only supplies the best quality pneumatic accessories.

INTRODUCING THE BRÜDER

Vac

EASY TO USE

Connect any 3" airseeder hose to either side of the Vac, connect your compressor, and you're ready to go!

WARRANTY

With no moving parts the Brüder Vac is built to last. Enjoy peace of mind with 5 years warranty.

CUSTOMISABLE

Need a custom attachment or mounting solution? Just ask us!

LEARN MORE

Want to see more of what the Brüder Vac can do? Scan this QR Code.

The Brüder Vac is a fully pneumatic vacuum / pump that uses venturi technology to create a powerful suction giving you the ability to move large amounts of solid or liquid materials. Perfect for fixing grain spills, cleaning out sheds and silos, and much more!

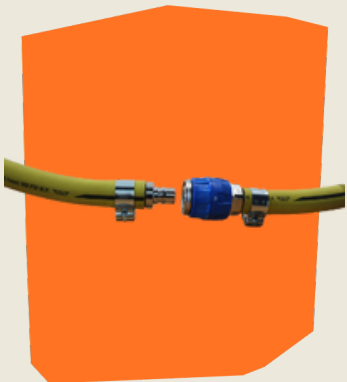

BRÜDER HOSE

Our most common hose option, the Bruder hose is made in the USA from a synthetic rubber with a spiral yarn reinforcement. With a working pressure of 300psi, this hose is designed to withstand the harsh Australian sun. Available in 20m - 150m rolls, fitted with any coupling configuration required.

NITTO MEMORY COIL

Nitto memory coils are great for a lightweight hose option for simple jobs. Ideal for fence post driving, tyre filling or blowing out filters. With lengths of up to 12m available, they shrink down to the perfect size to throw in the toolbox. Standardly fitted with UV stabilised nylon Nitto couplings, these coils are also available with Ryco or Cjen couplings to suit your current set-up.

HOSE FITTINGS

Brüder stocks a full range of hose couplings to suit all your needs. Whilst we can supply any brand, we recommend genuine Nitto Kohki. Made in Japan with extremely high quality standards, Nitto is world renowned for their huge range of safe and efficient quick connect couplings.

BRÜDER HOSE REEL

Brüder's manual rewind reel is not only the toughest, but the simplest way to keep your hoses neat. This reel is Made in Australia from top quality materials, and comes with 20m of 3/4" Brüder hose. With a mounting kit and fittings for your trailer available, this reel is a great versatile option.

SPRING RETRACT HOSE REEL

Brüder stocks a wide range of spring retract hose reels. These high quality reels are made in Italy and can be fitted with a huge variety of hoses to suit almost any application.

BLOW GUN & HOSE REEL PACKAGE

Our most popular accessory package for agricultural compressors, the gun & reel package is available with a 600mm or 1200mm Force 5 Blow Gun, and a Bruder hose reel complete with 20m of USA made Continental rubber hose. Brüder also has mounting kits available to secure your hose reel to your trailer, and blowguns to your compressor.

FORCE 5 BLOW GUN

Our most popular blow gun, the Force 5 Megablaster, is a highly efficient air gun made for heavy duty blowdown jobs. Featuring a lightweight ergonomic design, this blow gun is available in 600mm and 1200mm lengths. With a high performance venturi tip for increasing airflow, the Force 5 Megablaster reduces your blowdown time so you can keep moving. Designed to be driven by high capacity air compressors, the Force 5 Megablaster is most effective over 100CFM. Every Force 5 Megablaster is supplied with a complimentary heat protection sleeve for the handle, and mounting kits for your compressor are also available.

ULTRA VENTURI BLOW GUN

Brüder's Ultra Venturi blowgun features a venturi tip to increase the airflow. Available in 3 different lengths, (300mm, 600mm & 900mm), these guns are a great option for blowing out areas with tighter access. With a comfortable rubberised grip, these guns work great with both piston & rotary screw compressors.

VACCUUM GUN KIT

The Brüder Vacuum Gun is designed as an alternative to electric or battery-powered vacuum systems for areas where electric sparks or static discharge could present a fire risk. With no moving parts internally and a very simple design, the Vacuum Gun has been made with longevity in mind.

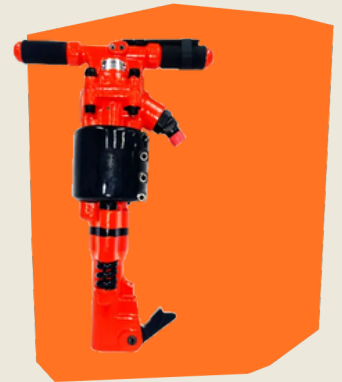

BLAST POT KIT

With Australian and European made mounting kits available, Brüder can maximise the versatility of your compressor. Our range of sandblast pots & equipment includes options perfect for use around the farm, whether it be for restoring an old tractor or fabricating a new piece of equipment, sandblasting will help keep your gear rust free!

CONSTRUCTION EQUIPMENT

Brüder's Pneumatic construction equipment is used all around the world. Tough and reliable, our range covers everything from jack hammers and rock drills to floor scrapers and scabblers. Brüder's pneumatic tools will help get any project done powerfully and effectively. Contact us with your specific requirements for more information on the tools and attachments we have available.

SERVICE KITS

To make sure your machines keep up with you, Brüder keeps a full range of service parts on hand. Our service kits are a pre-packed selection of all the materials you need for standard regular servicing, to keep your Machine operating smoothly.

THE power to Get Ahead

CUSTOMISABLE

Lube Cubes can be configured to suit your needs. They can also be branded with your colours & logo.

AUSTRALIAN MADE*

The Lube Cubes are manufactured locally, to ensure the highest quality standards are maintained.

OIL USAGE TRACKING

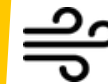

Digital nozzles allow you to track your oil usage to prevent unexpectedly running out.

WASTE OIL SYSTEM

Features a waste oil extraction system which sucks directly from the machine to save double handling.

PORTABLE

Lube Cubes are completely powered by compressed air - no electricity required!
